

**Terms of Reference and Membership of
the Inter-departmental Working Group on Using Hydrogen as Fuel**

Terms of Reference

1. To identify potential local uses of hydrogen as fuel with a view to assisting Hong Kong to achieve carbon neutrality before 2050;
2. To coordinate efforts made by bureaux/departments (“B/Ds”) with regard to preparation and adoption of hydrogen as fuel locally; and
3. To advise B/Ds on the development of best practices, codes, standards and regulations for safe and efficient use of hydrogen as fuel, as well as related matters.
